

Features

The new Newskill Bael are gaming headsets with triple connectivity (2.4G, Bluetooth 5.2 and wired), which combine versatility, lightness and autonomy. With only 185g, fabric ear pads and up to 20 hours of battery life, they offer comfort and cross-platform performance for any gamer.

LIGHTWEIGHT AND COMFORTABLE DESIGN

At just 185g, the Bael offer a lightweight, ergonomic design that fits comfortably on your head. Its fabric-covered ear pads and headband ensure freshness and comfort even in the longest games.

SURROUND SOUND AND CLEAR COMMUNICATION

Its 40mm drivers provide clear and balanced audio, while the omnidirectional microphone integrated into the housing picks up your voice accurately, reducing external noises for always clear communication.

CONNECTIVITY WITHOUT LIMITS

Enjoy maximum flexibility thanks to its three connection modes: low latency 2.4G (25ms) ideal for competitive gaming, Bluetooth 5.2 for multimedia and USB-C cable connection to mini jack for prolonged sessions.

AUTONOMY AND CROSS-PLATFORM COMPATIBILITY

With up to 20 hours of battery life and only 2 hours of charging, Bael are always ready for action. In addition, its compatibility with PC, Mac, PS4, and PS5 ensures a barrier-free gaming experience.

Technical Specifications
