

Features

The **Nfortec Caelum** is a Mid Tower gaming tower designed to offer an accessible and stylish solution for any setup. It includes three 120mm RGB fans and a mesh front panel as standard, ensuring optimal airflow and striking lighting effects from the get-go. Made with a robust steel chassis, the Caelum offers easy assembly and great compatibility with high-performance components, making it an ideal choice for building your gaming PC.

DESIGN

The Nfortec Caelum tower features a chassis made of steel that provides safety and stability to all your components. Its mesh front, along with the three included 120mm RGB fans, ensures excellent airflow and a modern aesthetic design. From its top panel, you'll have access to all of its features, including lighting controls that allow you to choose from more than 15 different modes, a USB 3.0 port, two USB 2.0 ports, and an HD audio jack.

COMPATIBILITY AND EXPANSION

Nfortec Caelum has a large interior space that facilitates quick and easy assembly. It is compatible with ATX, Micro ATX and ITX motherboards. Inside, you can place graphics cards up to 320 mm in length and CPU coolers with a maximum height of 160 mm. The power supply is located in a separate bay at the bottom with capacity for up to 180 mm in length. In addition, it has bays for HDD and SSD hard drives and has up to 7 expansion slots.

COOLING SYSTEM

The cooling system of the Nfortec Caelum is efficient and configurable. It comes with three pre-installed 120mm RGB fans, two on the front and one on the rear. The tower can accommodate up to six fans, with room for 3 in the front, 2 in the top, and 1 in the rear. Its meshed front and the possibility of adding liquid cooling up to 120 mm, like our Hydrus RGB model, ensure that your components are kept at an optimal temperature.

Technical Specifications

GENERAL SPECIFICATIONS

Model No.: Caelum
Dimensions (L x W x H): 395mm x 200mm x 430mm
Weight: 3.3 kg
Materials of construction: 0.5mm SPCC steel, ABS plastic, tempered glass side panel
Expansion Slots: x7
Bays: 2x 2.5" + 2x 3.5"
I/O Ports: USB 3.0 x1, USB 2.0 x2, Headset/Microphone x1, On/Off Button, RESET/LED Button
Dust filters: 1x Top (Magnetic), 1x Bottom

VENTILATION

Total fan capacity: Up to 6 fans
Fans included: 3 (2 front, 1 rear)
Fan Location:
Front: 3x 120mm (2x RGB included)
Rear: 1x 120mm (1x RGB included)
Top: 2x 120mm
Synchronization: To 3pin 5V motherboard

LIQUID COOLING

Location Compatibility:
Front: 120mm, 240mm
Rear: 120mm

COMPATIBILITY

Motherboards: ATX, MicroATX, ITX
Graphics card (GPU): Up to 320mm
Heatsink (CPU): Up to 160mm
Power supply (PSU): ATX format up to 180mm

RGB COMPATIBILITY

Lighting Type: RGB

DIMENSIONS

Packaging (LxWxH): 495mm x 250mm x 440mm 5.05Kg
Warranty: 3 years
