

Features

The new Drakain V2 is the evolution of our gaming headsets with RGB backlighting and automatic color cycle. Designed to deliver an immersive sound experience and exceptional comfort, the new Drakain V2 elevates every game thanks to its high-quality stereo sound, padded earcups, and enhanced microphone.

DESIGNED BY AND FOR GAMERS

The new Drakain V2 features an ergonomic design designed for long gaming sessions, with padded ear pads and an adjustable headband that ensure uninterrupted comfort.

FLEXIBLE AND ADJUSTABLE MICROPHONE

Improve your communication with a professional omnidirectional microphone that adapts to each game. Adjustable and precise, it allows you to transmit your voice clearly at all times.

STYLISH RGB LIGHTING

Drakain V2 not only sound good, they also stand out in your set-up. Its RGB backlighting with automatic color cycle adds a dynamic and attractive visual touch to your gaming station.

CROSS-PLATFORM COMPATIBILITY

Thanks to its 3.5 mm Jack and USB connectivity, the Drakain V2 are compatible with PC, PS4 and XBOX ONE. They include extension cord for a versatile and hassle-free experience.
