

Features

The Newskill NUE is a premium ergonomic chair designed to combine comfort, resistance, and style both in the office and in gaming sessions. Its robust structure with metal base, high-density foam and breathable materials ensure a comfortable, durable and high-quality experience. With 3D adjustable armrests and 2D headrests, along with its reclining and rocking system, it offers lumbar support, customization and a healthy posture with each use. Modern and versatile, it is the perfect ally for those looking for a professional seat with a gamer design and prolonged comfort.

ERGONOMIC DESIGN

Made with molded foam of 50 kg/m³, it provides greater durability and comfort. Its nylon frame with mesh improves ventilation and support, while the three-way adjustable armrests allow it to adapt to each user. The result is a professional seat with a gamer design that adapts to long days.

PREMIUM VERSATILITY

Its automatic mechanism allows you to adjust the tilt angle and lock it in 3 levels, achieving a relaxed and personalized experience. The headrest and lumbar adjustment ensure back, neck and head support, maintaining comfort and a healthy posture at work or play.

GUARANTEED DURABILITY

Thanks to its breathable fabric, molded foam, and steel and PU construction, the NUE is a durable and reliable choice. It combines resistant materials with a robust design that maintains prolonged comfort even in intensive daily use.

STABILITY AND MOVEMENT

The 350 mm chrome metal base offers maximum stability, while the quiet 60 mm PU wheels allow you to move smoothly on different surfaces. The class 3 gas piston adjusts the height precisely, ensuring safety and smooth use at all times.

FUNCTIONALITY AND COMFORT

With a modern and functional style, the NUE improves posture and brings an aesthetic touch to the workspace or gamer setup. Its solid construction and adjustable armrests ensure ergonomics and prolonged comfort, making it an ideal ally for those looking for performance and comfort in the same seat.
