

Features

The new Pyros V2 is a gaming keyboard with a 60% compact design that will allow you to maximize space on your desk without sacrificing functionality. With Outemu red switches, a 1200 mAh battery and 100% Anti Ghosting, the Pyros V2 will offer you smooth, fast performance and great autonomy for your gaming sessions. Let yourself be captivated by its incredible RGB backlit design, its small size and the possibility of customizing your switches with its Hotswap function; the Pyros V2 will be your perfect ally for traveling or for having a minimalist gaming space on your desk.

PREMIUM DESIGN

The new Pyros V2 keyboard maintains the design of its predecessor, with a 60% format and 62 keys, thus achieving a very practical keyboard thanks to its small size, which makes it a perfect keyboard to take on your trips. In addition, it will take up a very small space on your desk, allowing you to maximize space on your desk without sacrificing functionality.

MAXIMUM PERFORMANCE

Equipped with Outemu red (linear) switches, the Pyros V2 provides a smooth and fast typing experience, ideal for gaming and writing. Its 100% Anti Ghosting capability ensures that every keystroke is recorded correctly, no matter how many keys are pressed simultaneously. The noise-canceling gasket structure adds a layer of acoustic comfort, allowing for quieter use.

GUARANTEED DURABILITY

Made from high-quality ABS, the Pyros V2 is built to last. The laser-printed and RGB backlit keys not only offer stunning aesthetics, but also ensure superior durability. The Hotswap feature allows you to change switches easily, customizing the keyboard to your preferences without the need for soldering.

PORTABILITY AND AUTONOMY

Thanks to its 1200 mAh battery, the Pyros V2 offers excellent battery life for extended gaming sessions without the need for frequent recharging. With compact dimensions of 291 mm x 102 mm x 39 mm and a weight of only 530 g, this keyboard is extremely portable and easy to carry, making it the perfect companion for both home and gaming events.
